

Engineering and Project Management Case Study Mauritius Multisports Complex at Cote d'Or

Engineering and Project Management

Project Description:

Cote d'Or had been earmarked for building of a multi sports complex. Among the facilities provided, the multi sports complex is equipped with an Olympic size and standards competition swimming pool and warm up swimming pool. The swimming pool contractor for this project has been Myrtha Pools of Italy, locally represented by J&B Contracting Ltd. ETMS was appointed by Myrtha Pools to do the design, supervision, testing and commissioning of the electrical installation.

The swimming pools have been completed in time for the Indian Ocean Islands Games in July 2019.

Contractors

Swimming pool contractor: J&B Contracting Co.Ltd
